**Heron Hunt on the Bayou** is a community wide public art project covering Ouachita Parish and beyond. All heron sculptures are sponsored by local businesses and lovingly painted by artists in the area. It is our hope that these beautiful sculptures may serve to not only enhance the visual landscape of our community, but will inspire creativity, joy, and pride in residents and visitors alike.

**Why the Great Blue Heron?**  
The image of the heron was chosen because it represents the natural beauty of Northeast Louisiana. A stately and elegant presence, Great Blue Herons can be found near the lakes, rivers, and bays that our region is known for.
